

RAIN BIRD®

Install Confidence.™ Install Rain Bird® Easy Fit Fittings and Adapters.

Make the connection.
(In fact, make over 160 of them)

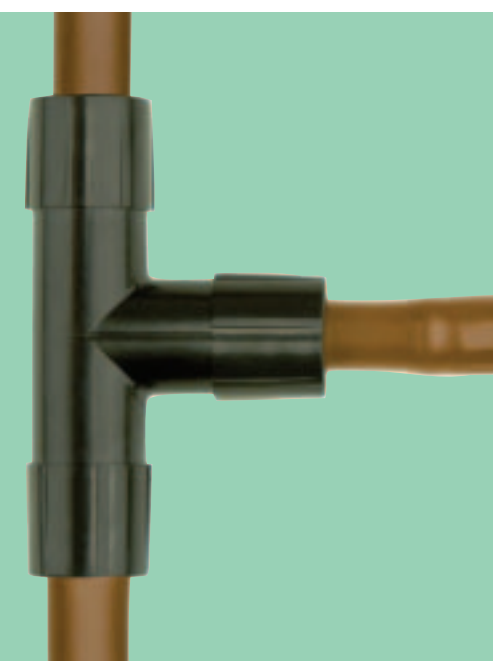

Performance Advantages

- Save time and effort – **50% less force** is required to connect tubing and fittings.
- Reduce inventory – Easy Fit Compression Fittings are compatible with any manufacturer's outside diameter tubing size from 16mm to 18mm.
- Increase flexibility – just a few fittings and adapters are needed to make over 160 connections, which accommodate countless installation situations.

Note: Easy Fit adapters are not barbed fittings. They are to be used only with Easy Fit Compression fittings

Designed to accept multiple sizes of tubing, which speeds installation.

Select Easy Fit Compression Fittings and Adapters **1**

Snap adapters into fittings **2**

Install tubing and/or threaded component into fitting assembly **3**
